VTU, one of the biggest Technological Universities in India, having more than 200 engineering colleges affiliated to it with a number of UG, PG & Research programs in engineering & management is organizing a 2-day National Conference on recent advances in antennas & its applications in the heart of the Bangalore city at its VTU Regional campus in Nagarbhavi. The aim of this conference is to provide a platform for faculties, engineers, researchers, industrialists & students to discuss and promote research in the wonderful world of antennas.

Call for papers :

The national conference calls for participants to submit their papers describing the authors original work (not published anywhere else till date) in any of the following related areas, but not limited to:

Antenna modeling and design	UWB antennas	Di-electric antennas
Millimetre wave antennas	Active antennas	Large antennas
Microwave antennas	Small aperture antennas	Control of antennas
Antenna measurements	RF antennas	Special purpose antennas
Antenna testing	Mobile / wireless antennas	Antenna applications
Smart antennas	MIMO antennas	MEMS in antennas
Antenna on IC		Analysis & manufacturing of antennas

Selected papers would be published in the *Journal of IETE* and *Journal of IE (ET)*.

Submission mode & instruction to authors :
